AW-EL305(120min/180min)

Features:

- Lifting installation
- LED indicators
- Complete functional test with ever activation
- Meets all requirements of latest EN60598-1 & EN60598-2-22

Technical Specification

Model	AW-EL305
Operating Voltage	AC110-265V50HZ
Rated Wattage	Charging2W; Emergency1W
Rated Light output	40-50LM
Charging time	48 hours
Rated duration of operation	2h/ 3h
Battery type	Nickle-cadmium battery AA1.2V
Battery discharge cut-off voltage	0.9V
Battery charge voltage limits	1.4V
Maximum charge current	35mA
Protection class	IP20
Environmental	Temperature range: -5 to 40°C (23~104°F) Humidity: 5 to 95% RH, non-condensing
Materials and colors	Acrylic
Application	For indoor use only
Size	37.3cm*3.3cm*22.7cm
Weight	About 500g
